

JOB OFFER

To cope with the growth of our business, we are looking for:
CONSULTANT IN SUPPLY CHAIN (M/F)

Your mission

Integrated in a team at the client, you will be in charge of:

- Support our customers in improving their operational supply chain (from S&OP to scheduling, demand management, reduction of stock levels, quality of service, etc.);
- Facilitate the implementation of the company's strategy;
- Analyze key processes and propose solutions for simplification and improvement;
- Implement proposed solutions and changing attitudes;
- Become the privileged interlocutor of both the general management and the operational staff.

Your profile

We are mainly looking for young graduates (master's degree) from business schools, engineering or universities with less than 2 years of experience:

- Motivated and flexible, you have already demonstrated your adaptability and autonomy;
- Rigor, humility, creativity, motivation and team spirit are essential qualities for success;
- You are fluent in French, both in oral and written communication combined with a good sense of formalization;
- You are proficient in French and English; knowledge of a third European language is an asset;
- Ideally, you have completed a Supply Chain training, such as APICS (DDMRP is an asset);
- You accept frequent trips abroad while being attached to Luxembourg,

We offer

- Enriching and diverse experiences;
- Coaching by experienced consultants;
- Genuine career opportunities within a growing firm;
- An open-ended contract, linked to an attractive salary package (company car, etc.), evolving quickly according to your personal success,

At Resultance, consultants build expertise quickly and become recognised by top managers.

Resultance is a specialist in operational process optimisation and change management advice. Our company based in Luxembourg is internationally recognised for:

- A result-oriented culture;
- A pragmatic approach;
- The strong engagement of its consultants;
- The development of privileged relationships with its clients (as well Large Accounts as SME's).

We are active in many different sectors: bank-and insurance, services industries, process industries (steel, chemical, and glass), production, automotive, medical high-tech, retail, airlines, etc.

For 15 years our 70 consultants have developed diverse functional expertise: Operational Excellence and agility, Supply Chain optimisation, Business Process Management, Operational Efficiency, Organisational Redesign, Lean Manufacturing and Office, etc.

Our pragmatic approach is creating opportunities for your professional growth in Luxembourg, Belgium and abroad.
